

**Town of New Hampton
Conservation Commission Minutes
Special Meeting
September 14, 2018
Kelley-Drake Conservation Area**

Members present: T. Simpson, P. Schlesinger, G. Dubois, R. Leroux, B. Rolfe, K. Peterson,

Excused: R. Pollock, M. Schofield.

Guest: Jim Boucher, Director of New Hampton Public Works

A meeting was called by Chairman Simpson to do a site inspection of potential parking lots that wouldn't conflict with boundaries of owner's property fronting the cul-de-sac at the end of Kelly Pond Road. The meeting was called to order at 8:05 a.m. Four options were studied, reviewed and discussed while walking and viewing potential sites. The Commission, with Jim Boucher's recommendation and support felt that the current parking area with modification and expansion of the cul-de-sac would be the best possible option from a practical standpoint as well as financial. A motion was made by Chairman Simpson to expand the current parking area, seconded by Leroux and approved unanimously by Commission. The recommendation by the Conservation Commission will be forwarded on to the Select Board for their review and approval.

Respectfully Submitted,

Gordon DuBois,
Secretary, New Hampton Conservation Commission
