WELCOME TO THE “NEW HAMPTON CONNECTION”

E-mail notices will be sent from this office with dates, locations and times of Town Meetings, special meetings, special events, and other important town events or information. We hope you will find these notices helpful. These e-mails will not provide notice of regular scheduled meetings, deadlines, holiday hours, general information, etc. For such scheduled information, please check the town web site www.new-hampton.nh.us or call the Town Office at 744-3559. All public meeting notices are posted at the Town Office and Public Works Department. All town newspaper notices are placed in the Laconia Daily Sun.

Please talk with other New Hampton residents who may not have been contacted to see if they are interested in receiving these e-mails. I also would encourage you to get the “word out” about important information to those who may not have e-mail.

If at some future time you change your e-mail address or you wish to be removed from the list please send an e-mail to blucas@new-hampton.nh.us.

Statewide Test of NH Alerts

The New Hampshire Department of Safety Division of Homeland Security and Emergency Management (HSEM) will conduct a statewide test of both the NH Alerts emergency notification system and the NH Alerts smartphone app between Monday, February 29th and Friday, March 4th.

The free NH Alerts emergency notification system allows residents who have signed-up via ReadyNH.gov to be notified of emergencies occurring in the area of an address they provide when signing up. Alerts can be received through landlines, cell phones, text messages, emails, and social media alerts.

Residents in municipalities that participate in the New Hampshire Emergency Alerts Notification System (NH-ENS) operated by the Division of Emergency Services and Communications will be automatically enrolled in NH-ENS when they sign-up for NH Alerts via ReadyNH.gov.

The free NH Alerts app notifies users of emergencies occurring within the vicinity of their cellphones. The app user can choose to receive a variety of location-specific audible alerts, such as warnings to avoid a particular area during an emergency or weather warnings issued by the National Weather Service. These

settings are completely customizable to allow the user to determine the frequency with which warnings are received.

Using both the NH Alerts emergency notification system and the NH Alerts smartphone app greatly increases the chance of receiving a notification when an emergency occurs. The NH Alerts emergency notification system and the smartphone app are free to anyone, including visitors from other states.

Homeland Security and Emergency Management strongly encourages all residents to go to ReadyNH.gov to enroll in the free NH Alerts emergency notification system and to download the free smartphone app prior to the test.
