

Day Away

Our Mission

Enjoy A Day Away!

Respite for Family/Caregivers

Day Away is a great way for caregivers to take a break. Day Away is designed to provide a safe and comfortable atmosphere for our participants to help maintain their independence, encourage socialization, be mentally stimulated and remain active. We want to lighten your load. Trained volunteers and an RN director are here to provide one-on-one supervision for your loved one. The day passes quickly and is filled with activities and much joy for both the participants and volunteers. Day Away is non-denominational and open to all families and caregivers who feel the need for respite and relief from constant care and responsibility.

Our mission is to provide a period of respite for the caregivers of all eligible individuals in the early stages of Alzheimer's disease or a related type of dementia by providing a social daycare program.

Forget Me Not

Do you have a loved one that is suffering from Alzheimer's disease or another type of dementia? Is their care dependent on you?

We can help you and your loved ones!

Day Away is a non-denominational, dementia-specific program for those with memory loss diseases. We socialize, exercise, play games and take care of your loved ones during the day so that you can enjoy them at night.
