**WELCOME TO THE “NEW HAMPTON
CONNECTION”**

E-mail notices will be sent from this office with dates, locations and times of Town Meetings, special meetings, special events, and other important town events or information. We hope you will find these notices helpful. These e-mails will not provide notice of regular scheduled meetings, deadlines, holiday hours, general information, etc. For such scheduled information, please check the town web site www.new-hampton.nh.us or call the Town Office at 744-3559. All public meeting notices are posted at the Town Office and Fire Station. All town newspaper notices are placed in the Laconia Citizen.

Please talk with other New Hampton residents who may not have been contacted to see if they are interested in receiving these e-mails. I also would encourage you to get the “word out” about important information to those who may not have e-mail.

If at some future time you change your e-mail address or you wish to be removed from the list please send an e-mail to blucas@new-hampton.nh.us.

***PUBLIC HEARING NOTICE
NEW HAMPTON PLANNING BOARD
PROPOSED ZONING ORDINANCE AMENDMENTS***

Second Hearing: Tuesday, January 19, 2010–7:30 PM
Snowdate: Wednesday, January 20, 2010 – 7:00 PM
Town Office Meeting Room
6 Pinnacle Hill Road

The New Hampton Planning Board will hold the second Public Hearing on Tuesday, January 19, 2010 to discuss the following amendment to the New Hampton Zoning Ordinance, which was changed at the first Public Hearing Held on January 4, 2010.

1. AMEND ARTICLE VIII, ADMINISTRATION AND ENFORCEMENT

To amend the regulations on the issuance of building permits and include the requirement of a Certificate of Occupancy for new construction, expansion or change in use and substantial improvement. It will require a building permit application for building construction, remodeling, structural alternations, structural alternations, enlargement or relocation that has an estimated value of labor and materials \$5,000 or more, replacing the current requirement of 120 square feet or more. These changes also state that ordinary repairs which are non-structural, with the

exception of heating systems are exempt from the building permit requirement; that the building permit must be posted on the site until construction is complete; it shall be the responsibility of the person performing the work to insure that all work will be in compliance with all applicable State building and life safety codes. It will also require a building permit and approval from the Fire Chief for the installation of fossil fuel, propane or interior wood fired heating systems. It will establish an expiration and renewal process for building permits as well.

The Certificate of Occupancy shall be required from the Board of Selectmen or their agent to occupy any building, structure or premises, or part thereof that is a new structure, expansion or change of use or has substantial improvement. It will require the submission of documentation attesting to the installation of : septic, water supply, power source, inspection results for fossil fueled, propane or interior wood fired heating systems, smoke and carbon monoxide detectors and driveway access. A definition of “substantial improvement” will be added as well.

This amendment will also delete the requirement that sign permits shall be renewed every 5 years. Approved sign permits will not require renewal.

The full text of the proposed zoning changes are available for public review at the Town Office, Fire Station, Transfer Station, New Hampton Post Office and the Gordon-Nash Library.
