New Hampton Historical Society seeking individuals interested in serving on the Board of Directors

The New Hampton Historical Society is recruiting new members for the Board of Directors. The Historical Society Board is a not-for-profit educational organization whose mission is to research and preserve the history of the Town of New Hampton through its collections of historical material and its buildings and to share the rich heritage of the town with residents, visitors, and students through exhibits, programs, interpretation and preservation.

The New Hampton Historical Society vision is: 1) to provide stimulus for understanding New Hampton's cultural heritage, inspiring personal exploration and learning through entertaining and thought provoking exhibits, programs and publications; 2) to develop appropriate educational programs for all levels of learning.; and 3) to collaborate with other heritage/historical groups and institutions in the Town and surrounding areas.

New Board members are needed so we may maintain this vision and continue the momentum that will propel us into a new year of informative programs, participation in the Stage Curtain Restoration Project, Oral History Project, as well as educating children about our town. The Historical Society plays a key role in describing the events, places and people that brought us to where we are today.

The Board of Directors meets monthly (except July and August) to carry out the mission of the organization. If you are interested in serving on the Board or interested in learning more please contact Gordon DuBois, Board President at 279-0379 or email at forestpd@metrocast.net
